

CASE STUDY

Group Discussion

1. You have been assigned to a specific group. Move to sit with your group members.
2. Read through the case study & discuss all the questions.
3. Choose 1 spokesperson for your group.
4. You have ~30 minutes for this exercise.

Stretch Break!

Decisions & Dilemmas

Brain death

- What is brain death?
- What are Islamic juridical views on brain death?
- How is death defined in society today?

Withdrawal of life support

- Should Kareem's family opt for life support removal? Why & why not?
- What are the conditions under which Islamic jurists permit removal of life sustaining treatment?

Dignity

- What are Islamic notions of dignity?
- Describe the differences in how dignity was perceived by Amina, the retired surgeon and Kareem & Nadia.
- How does one's view of dignity affect EOL decision-making?

Good death

- What are the characteristics of a "good death"? Are there differences in society? Religious views?

GROUP PRESENTATION & DELIBERATION

1. Each group presents on one aspect for 2-3 mins
2. Other groups build upon the presentation
3. Group deliberation
