INTENSIVE SEMINAR SERIES FOR MEDICAL, DENTAL & HEALTH-ALLIED STUDENTS

The II&M & IIIT will organize a 3-day seminar intensive for future Muslim healthcare professionals using a new curriculum that centers on the 5 “Big Questions” about the human being, and based on a rational Islamic epistemological framework. This program aims to enhance Muslim students’ conceptual literacy and critical thinking at the intersection of bioscience & Islam.

5 “BIG QUESTIONS” ABOUT THE HUMAN BEING

What is the origin
of humankind?

What is the
human's essential
nature?

What is the
human's future?

Are human
actions
predetermined?

Are humans
unique in the
universe?
